

Your Partner for Excellence in Project Management

WHAT: ADVISORS is your partner for establishing PMOs or other Structures of Organizational Excellence, such as Program Management Office for Public-Private-Partnerships, Transformational Change, Knowledge Management, Capacity Building, Integrated PMO/PMC, or Innovation and Business Development. *(Please review [The Ten Structures of Organizational Excellence](#) / in [Arabic](#))*

- **Execution:** Through providing professional services and Capacity Building/Training for your clients as an integrated component of your team. We can manage whole contracts or be assigned specific scope or phase of your existing contract.
- **Business Development:** We can establish a joint venture and participate in the selling process, if our services are a match for your client needs, or we can write a winning proposal for you as a service.
- **Capacity Development:** Whether your clients or teams can benefit directly from one of our programs, such as Growth – A Youth Entrepreneurship Program, Project Engineer Program, PMO Manager Program, Project Management for Business Development and SMEs, or one of our 50+ courses in Leadership, Strategy & Business Management, Technical Project Management, Certification, PM for Engineers or PM for Health, or why not let us develop and customize the right program for your specific needs, ADVISORS offers innovative capacity building solutions.

WHY: Ensuring successful implementation of your initiatives and contracts by achieving excellence through the adoption of knowledge management and organizational project management providing sustainable, innovative, agile, and valuable services.

HOW: Research, Development, Knowledge and Operations *(Please review next chart)*
